Sri Hari Degree College, Andhra Pradesh	CGPA: 6.47/10
Intermediate Education (Mathematics, Physics, Chemistry)	June 2017 – March 2019
Sri Chaitanya Junior College, Andhra Pradesh	CGPA: 8.29/10
Secondary School Education	February 2016 – March 2017
The Cuddapah E.M High School, Andhra Pradesh	CGPA: 8.2/10

Technical Skills

MS-Excel: Building Charts and Graphs • Building Formulas • Investigating Missing Data • Cell Formatting
SQL: RDBMS Concepts • DDL, DML, TCL Statements • Joins • Sub-queries • Normalization • Oracle 10g Database Experience
Python: Solid Programming Knowledge • Web Frameworks • Front-End Technologies

Academic Projects

Recognizing Health Insurance Claim Fraud Using Mixture of Clinical Codes

- Addressed health insurance fraud which impacts organizations with losses exceeding trillions of rupees annually
- Focused on automating the code prediction phase to reduce processing time and operational costs
- Extended mixture of clinical codes model using Long Short-Term Memory (LSTM) networks and Robust Principal Component Analysis (RPCA)
- Implemented concept weight of claims as sequence representation within LSTM for improved accuracy
- Automated overall evaluation of claims including history checks and applicant verification processes
- Designed flexible architecture enabling future expansions and system enhancements
- Identified opportunities for bug rectification and user-interface improvements

Certifications

- Business Analysis & Process Management Certification
- IBM PY0101EN: Python 101 for Data Science Certification

Strengths

Adaptability • Flexibility • Innovative Thinking • Fast Learner • Analytical Mindset • Problem-Solving • Attention to Detail

Achievements & Extra Curricular

- Participated in Central Zone Kabbadi Sports Event
- Engaged in Environmental Awareness Campaigns including Global Warming and Plant a Tree Projects
- Attended and participated in College Events and Cultural Programs
